

## EOD ACCESSORIES

# BOMB BLANKET

The United Shield Bomb Suppression Blanket and Safety Circle has been designed to provide a portable flexible, lightweight and compact means of protection from EOD and IEDD devices.

### Key Features

The United Shield Bomb Suppression Blanket and Safety Circle has been designed to provide a portable flexible, lightweight and compact means of protection from EOD and IEDD devices.

It is tough and durable, being manufactured from multiple layers of treated aramid ballistic fabric sewn into a fire retardant and water repellent outer cover.

It can be quickly and easily folded for storage in the water repellent carry bag, while robust webbing carry handles make for ease of transportation and rapid deployment.

### Options

- The standard Ballistic outer cover and webbing handles are black. Other colours are available on customer request.
- Labels can be tailored to meet customer requirements
- Nomex outer cover on customer request
