

BALLISTIC HELMETS

RETROFIT RIOT FACE SHIELD

The Retrofit Riot Face Shield can be attached to a PASGT and MICH Helmet, and requires no helmet mountings, instead connecting to the helmet with a four point harness and ballistic resistant bolts.

Features

- The helmet is constructed from para aramid material and provides lightweight, robust protection from ballistic and fragmentation projectiles and other low energy threats
- The latest harness design offers a stable and comfortable fit with individual adjustment capability. This four point harness is anchored to the shell with ballistic resistant bolts.

Ballistic Protection

The Special Ops Helmet is available to meet NIJ Level II and IIIA as well as bespoke designs to meet specific client needs.

Visor Fragmentation Protection

V50 250m/s STANAG 2920 (17g FSP)

Sizes

Small, Medium, Large and Extra Large (50-66cm head circumference) [head size 6-8½inch]

Colours

Standard colours are black, navy blue, olive drab. Most other colours are available to special order.

Accessories

Accessories include NVG and Neck protector.
